So I have a subdivision that I sweep every week. There is a little girl that is a huge fan of mine cause every week I can count on seeing her dad holding her in his arms and her waving at me till I pass by and then make the turn and pass by again. So I want to find a stuffed toy sweeper truck or even a toy sweeper truck that I can give to her. It really brightens your day when you see a 4yr old so happy to see you at 6:30 in the morning. If anyone knows where I can buy something like this I would appreciate it.
