

New free event for the sweeping community. Please feel free to participate in the first-ever series of monthly virtual sweepers roundtable discussions.

This project was instigated by Jay Presutti, co-owner of NY-based East Coast Industrial Services, Inc. The Presutti's and their company was also the 2023 winner of WorldSweeper/World Sweeping Association's Award of Excellence in Power Sweeping.

WHEN: The call will take place at 6:00 PM **EST** on Monday April 17th. The call topics are **Running Family Business** and **Overnight Management and Supervision**.

WHY: After attending the National Pavement Expo Jay said he heard a lot of contractors talk about how good the roundtables and networking were and the information they received. One of the downsides heard was that contractors now must wait for the next event in another year to do this again. So, he produced the idea of having a virtual monthly sweeper round table discussion.

HOW IT WILL WORK: Each month we will have a topic and a host that's an expert on that specific topic. That topic will be discussed for roughly the first 30 minutes of the call. The remainder of the call, which should be roughly 30 minutes totaling the one-hour call, will be for participants to put out on the floor a problem or idea of something they may be going through in their business.

"Everyone is encouraged to discuss ideas and solutions that may have or have not worked for them. This will be a good way to keep all the sweeping contractors and the sweeping community engaged and hopefully you will see the value in the networking and consider joining the North American Power Sweeping Association (NAPSA) and/or the World Sweeping Association (WSA), as well as attending the next National Pavement Expo.

“No one is at all obligated to have to join an organization. However, I think once you see the value of networking you will want to consider attending the next event and consider joining an Association. I think it is a great way to keep everyone engaged and network with some solutions to other possible problems that our fellow contractors may have.”

—Jay Presutti

Topic: **Virtual Sweepers Roundtable Discussion**

Time: Apr 17, 2023, 06:00 PM Eastern Time (US and Canada)
