To Whom It May Concern:

This is to advise you that the individual that carries this letter is a vendor of Brixmor Property Group. We have requested certain key vendors continue providing critical services to our shopping centers across the country in the midst of the COVID-19 situation.

These services are needed to ensure the safety, security, and sanitary condition of the property, and for the continued operation of essential businesses, which include grocery, pharmaceutical, gas, and medical. These vendors will be providing security, cleaning/sanitation services, making essential repairs and construction activities where applicable.

Brixmor Property Group, based in New York, owns and operates more than 400 shopping centers across the United States. A complete list of all properties can be found at [brixmor.com](https://www.brixmor.com).

Brixmor respectfully asks that authorities charged with enforcing travel mandates and shelter-in-place orders, allow the vendor to proceed to the property, as they are performing necessary services.

Thank you.

If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. FIRST-AID MEASURES**First Aid Measures****General Advice**

Provide this SDS to medical personnel for treatment.

Eye Contact

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediate medical attention is required.

Skin Contact

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. If irritation develops or persists seek medical attention.

Inhalation

Remove exposed individual(s) to fresh air for 20 minutes. Consult a physician / poison center if individual's condition declines or if symptoms persist.

Ingestion

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. If conscious give large amounts of water. Seek immediate medical attention/advice.

Most important symptoms and effects**Symptoms**

Eye contact may cause redness, tearing, burning of eyes. Skin contact may cause drying or cracking of skin. Ingestion may cause nausea, vomiting or diarrhea. Inhalation may irritate nose or throat.

Indication of any immediate medical attention and special treatment needed**Notes to Physician**

Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Water spray (fog). Dry chemical. Carbon dioxide (CO₂). Foam.

Unsuitable Extinguishing Media Not determined.

Specific Hazards Arising from the Chemical

Product is not flammable or combustible.

Hazardous Combustion Products Smoke, fumes or vapors, and oxides of carbon.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Do not enter confined fire-spaces without protective clothing and self-contained air supply.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions Use personal protection recommended in Section 8.

Environmental Precautions See Section 12 for additional Ecological Information.

Methods and material for containment and cleaning up

Methods for Containment Prevent further leakage or spillage if safe to do so.

Methods for Clean-Up Flush small spills with water. Large spills-confine spill, soak up with approved absorbent, and shovel product into approved container for disposal. For waste disposal, see section 13 of the SDS.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe Handling Handle in accordance with good industrial hygiene and safety practice. Wear protective gloves/protective clothing and eye/face protection. Wash face, hands, and any exposed skin thoroughly after handling. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product.

Conditions for safe storage, including any incompatibilities

Storage Conditions Store in secured area. Keep container closed when not in use.

Incompatible Materials None known based on information supplied.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

PRODUCT BULLETIN

Disinfectants for Use Against Novel Coronavirus SARS-CoV-2, the Cause of COVID-19

EPA has published a list of EPA Registered Antimicrobial Products for Use Against Novel Coronavirus SARS-CoV-2, the causative agent of COVID-19. List N identifies the EPA Registration Numbers of disinfectants that have qualified for use against COVID-19 through the agency's Emerging Viral Pathogen program.

EPA's Emerging Viral Pathogen Guidance was developed and finalized in 2016 to allow for a rapid response in the event of an emerging viral pathogen outbreak. It was triggered for the first time ever for SARS-CoV-2 on January 29, 2020. The guidance outlines a voluntary, pre-approval process for making emerging viral pathogens claims. In the event of an outbreak, companies with pre-approved products can make off label claims for use against the outbreak virus.

Meyer Laboratories LD 64 (EPA Reg No 47371-131-60052), Triple (EPA Reg No 47371-130-60052) and QC256 (EPA Reg No 47371-129-60052) are identical in formulation to products listed on List N and are qualified for use against SARS-CoV2, the novel coronavirus that causes COVID-19. For use against SARS-CoV2 these products should be used at a dilution rate of 4X that listed on the label.

LD-64 should be used at 8 oz/gal of water

Triple should be used a 4 oz/gal of water

QC-256 should be used at 2 oz/gal of water

Disinfection Directions: Remove heavy soil deposits from surface, then thoroughly wet surface with a properly diluted solution of disinfectant. The use solution can be applied with a cloth, mop, sponge, or coarse spray or soaking. For sprayer applications, use a coarse spray device. Spray 6-8 inches from the surface, rub with a brush, cloth or sponge. Do not breathe spray. Let solution remain on surface for a minimum of 10 minutes. Rinse or allow to air dry. Rinsing of floors is not necessary unless they are to be waxed or polished.
